

Privacy policy of *What's Status*:

What's Status respects and protects the privacy of individuals from all official websites and user communities that are related to *What's Status*. This Privacy Policy describes that without obtaining your prior consent, we will not intentionally disclose any contents that relates to your personal privacy to any third party.

1. What Information Will We Collect?

- a. We never Collect your Personal Information. Personal Information includes your geographical location information, name, address, email, telephone number, number, or the any information you stored on your device, and the information to identify you or other individuals when you use applications, services or websites. We are not collecting your personal information. We users are interacting with applications then we may collect non-personal-identity information associated with the user like phone's model , android version and other similar information related to phone.
- b. Summary Information. "Summary Information" refers to the data that we collected from a group or service type or users, in which users' personal identity information has been removed. In other words, the information of how you use the application, services and websites may be collected and combined with how other individuals use the applications, services and websites, but personal identity information will not be included in the ultimate Summary Information. Summary Information can help us understand user demand trends, so that we can better develop new features, or provide tailor-made applications, services and websites

2. How We Use Collected Information?

- a. Personal Information – Since we do not collect Personal Information, we will not use your Personal Information in any way.
- b. Non-Personal Information. We may use Non-Personal Information for the following purposes:
 - (i) For Personalized User Experience – We may use your Non-Personal Information to understand your user characteristics, and other trends related to user's habits;
 - (ii) To Help Improve Our Service – We may use Non-Personal Information to provide, maintain, enhance and improve our applications, services and websites, and the development of new services.
 - (iii) For the Further Development of *What's Status* – We might use Non-Personal Information for market promotion and development purposes

3. The Possibility of Personal Information Being Disclosed:

- a. Personal Information. We do not store Personal Information, so your Personal Information cannot be disclosed by us.
- b. Non-Personal Information. We will not match non-personal information and personal information.

4. Users Sharing Your Information: We can not control the behavior of other users you share your data with. We cannot and will not control the behaviors of other users that you share information with when you use an application, , or how such users will use or share such

information. We will not be responsible for any behavior or conduct of third party circumventing our security measures.

5. Security:

What's Status is concerned about keeping confidential information. We do not collect Personal Information, and we have adopted effective measures to protect your Non-Personal Information, so that such information will not be accessed and used without authorization. Please note that although we have taken sufficient security measures to protect your information, there is not absolute guarantee that we can prevent non-personal information from being accessed or used without authorization.

6. Amendment of This Privacy Policy:

We reserve the right to handle, amend, modify or otherwise change this Privacy Policy at any time and at our sole discretion, and if you do not agree to any amendment or modification of this Privacy Policy, you may stop using all of relevant applications, services and websites. Please note that our employees or agents have no right to change any of our policies.
